

Declaration of Compliance: Regulation (EU) 2019/1021 (EU POPs)

We certify that none of our products contain any of the listed substances (at concentrations above their permitted thresholds, where applicable) as per current valid Annex I or Annex II of Regulation (EU) 2019/2021 on Persistent Organic Pollutants (EU POPs).

TSCA (Toxic Substances Control Act) - Declaration of Conformity

On January 6, 2021, the U.S. Environmental Protection Agency (EPA) published new regulations under the Toxic Substances Control Act (TSCA) Section 6(h) to restrict the import and use of five persistent, bioaccumulative and toxic (PBT) chemicals.

Hereby we confirm, that ROBU® glass filters and glass filter devices are solely* made of pure and amorphous silicate glass. All ingredients occur naturally and are ecologically completely harmless. They therefore do not contain any of the PBT substances mentioned in section 6(h), nor are they manufactured with the inclusion of this group of substances.
